

Please accept this as my opinion concerning the above issue. My reasons against this issue are the following, specifically about K-LOVE radio and its local affiliate:

1. I appreciate KLOVE's programming--it is wholesome and pleasing to listen to. They have no vulgar, obscene or offensive programming.
2. If KLOVE was no longer offered in our community, we would have very few choices of good Christian music and programming available in this area. While there are other Christian music radio stations in the area (I know of only 2 at the moment), none offer the type of non-denominational programming that KLOVE offers.
3. KLOVE provides a positive influence to the community. There are no degrading programs or contests and no vulgar disc jockeys. It provides a wonderful alternative to the rest of the radio stations in the area.
